Understanding cables

Every cable message consists of three parts:

- The top box shows each cables unique reference number, when and by whom it originally was sent, and what its initial classification was.
- The middle box contains the header information that is associated with the cable. It includes information about the receiver(s) as well as a general subject.
- The bottom box presents the body of the cable. The opening can contain a more specific subject, references to other cables ([browse by origin](#) to find them) or additional comment. This is followed by the main contents of the cable: a summary, a collection of specific topics and a comment section.

To understand the justification used for the classification of each cable, please use this [WikiSource](#) article as reference.

Discussing cables

If you find meaningful or important information in a cable, please link directly to its unique reference number. SUBJECT: TENTATIVE SETTLEMENT AT DRUMMOND

REF: BOGOTA 5384

Classified By: CDA MILTON DRUCKER FOR REASONS 1(B) AND (D)

¶1. (C) Early June 14, Drummond reached a tentative agreement with leaders of the miners' union to end the 23 day-long strike. Drummond's President of Coal Operations, Mike Tracy of Drummond, said the agreement would be put to a vote of the union rank and file members later in the day.

¶2. (C) According to Drummond, the agreement included a wage increase and an increase in the indemnity payments for workers that leave the company. The agreement does not include provisions to change the company's ability to fire a worker without "just cause" (reftel). Tracy added he would briefEmboffs before returning to the US .
